Notes:

Below are 6 different notes on issues found with the monthly police reports. One minor issue is the reports were not consistent from month to month. However, they were more consistent than 2018 reports.

Note 1: Each month there are multiple incidents missing from the categorized areas.

Note 2: Format is different than the first 3 months of the year

Note 3: Category previously used was missing from report

Note 4: Monthly report rejected by borough council for being inadequate

Note 5: Report never submitted

Note 6: No police department
