

St. Clair Township Police Department

550 Seward St. Seward PA 15954

(814) 446-4261

Jeffrey W. Janciga, Chief of Police

Police Department Report for March 2021

I would like to begin this report by reiterating this mission which I agreed to complete for the citizens of St. Clair Township, Seward Borough, and New Florence Borough. I am committed to restoring and renewing public trust in policing within these communities. To complete this mission, this department requires a close examination of departmental practices and policies. This examination is underway and will be continuous. Such an examination, and corrections when necessary, will ensure that this department can be transparent with its' practices and consistent with its' responses. Much of the activity in the month of March has been based on rectifying existing issues.

One key project, that may have not been realized when entering police service contracts with both Seward and New Florence Boroughs, is involving the auditing, securing, and destruction of existing evidence. I observed numerous, evidentiary issues at each department, to include St. Clair. Examples of such issues are inconsistent or no labeling of items in evidence, safety issues involving loaded firearms in evidence, and a lack of proper or consistent reporting to track items in evidence. This project is nearing resolution. The product will be a fresh start with a proper evidentiary system in place.

One consistent complaint that has been heard from residents of the 3 communities is regarding speeding traffic in the communities. My initial evaluation of this departments' ability to address this matter was that the department was not adequately prepared. Some simple, required documentation was not in place and some required and certified equipment was not possessed. We are nearing an increase in our ability to complete proper, traffic enforcement. Also, regarding speed enforcement, we recently obtained the ENRADD unit from New Florence Borough. I will be testing this unit for proper function. The ENRADD allows speed enforcement to occur without lines painted on the roadway, however it can only be used during periods of no precipitation. If this device functions properly, I will have the device certified so that proper usage can begin. Another advantage to the use of ENRADD is that this device can be used in areas where speed enforcement by municipal police departments was difficult.

I have observed an apparent issue with the reporting system used by this department. Perhaps previous officers were not documenting incidents or were not documenting incidents properly. Moving forward, what I found was a reporting system that is rather cumbersome, difficult to use, and not functional in a modern sense, without spending more on the existing license (to add modules to make it functional). We currently spend approximately \$1275.00 per year on the licensing for the reporting system. This licensing expires in the fall. I am working on finding a more efficient, modern, and functional system for less cost (and I have found one that meets the criteria). To be financially-responsible, this department will wait until the time comes to renew the license and then change to the other reporting system. One example of the increased functionality is that of "electronic filing" of citations. In common language, we won't be driving to Ligonier to drop off paper copies of issued citations; they will be filed electronically. This simple change will lead to decreased fuel consumption and mileage on vehicles and increased officer time in the areas of responsibility. This example would require an on-board computer, capable of internet access. This topic will be further discussed in the future.

Another reported complaint from the citizens is that this area has a "drug problem". I have met with the PA Office of the Attorney General, Bureau of Narcotics Investigation. I have the paperwork to begin "rostering" officers to assist. This rostering will allow St. Clair Township to be compensated by the Commonwealth for drug investigations beyond the scope of normal, patrol activities. On occasion, this will bring more law enforcement officers and resources into our communities. We have work to do, on our end, to begin said investigations.

Finally, as you may not know, prior to my career in law enforcement, I was a certified EMT/Paramedic with UPMC Lee Hospital and with West End Ambulance Service. I have recognized a need of this community in the area of emergency response. West End Ambulance Service covers this area but their response may take some time....in a medical or traumatic emergency, "time" can be the difference between life and death. I am currently in the process of being reinstated by the Commonwealth of PA as a paramedic. Informal discussion has occurred with West End Ambulance Service in regards to defining the role that I can fulfill and exactly how that will occur. Such an undertaking accomplishes both protecting and serving.

I would like to thank you for the opportunity to fulfill the role of Chief of Police. The first month has been busy but fantastic. I thrive in an environment where I have things to do. We have plenty to do. I am looking forward to what the future holds for these communities and for their police department.

Respectfully Submitted,

A handwritten signature in blue ink, appearing to read "Jeffrey W. Janciga". The signature is stylized with a large, looped "J" and a cursive "W".

Jeffrey W. Janciga, Chief of Police

Fuel (March 2021)

490 (Ford):

1. 3/3/21, 13.106 gallons
2. 3/5/21, 9.8356 gallons
3. 3/12/21, 11.340 gallons
4. 3/17/21, 14.285 gallons
5. 3/22/21, 14.433 gallons
6. 3/26/21, 15.119 gallons
7. 3/28/21, 9.806 gallons

Total gas for 490 in March 2021 is

87.9246 gallons

491 (Charger)

1. 3/3/21, 16.559 gallons
2. 3/9/21, 16.208 gallons
3. 3/16/21, 12.382 gallons
4. 3/22/21, 12.551 gallons
5. 3/25/21, 16.470 gallons
6. 3/30/21, 8.119 gallons

Total gas for 491 in March 2021 is

82.289 gallons

Total Fuel Consumption for March 2021: 170.2136 gallons
