Jeffrey W. Janciga, Chief of Police

Police Department Report for July 2021

The end of July 2021 marks five months of police coverage with a "new" police department for the area. Over this five-month period, we have attempted to balance the need of having a functional and visible police department with the need for a framework from which to provide police services. We are making progress on both fronts.

1. This month, Dominic Constable began his training period with the department. The training period is projected to end on or about August 14. Officer Gustkey has been working some weekend shifts. When Officer Constable is complete with his training, we should be achieving the goal of 104 hours per week.
2. On July 14, I attended the 2021 Western Pennsylvania Drug Summit at St. Vincent College. This conference focused on recent drug trends and emerging threats within our region. This event featured speakers from the US Attorney's Office, Westmoreland County District Attorney's Office, Westmoreland County Drug Task Force, and the Drug Enforcement Administration. I am uncertain if this department was ever represented at this event.
3. Two battery units were purchased for the ENRADD device for speed enforcement. This device will allow for speed enforcement without the use of painted lines on the roadway. The device cannot be used during periods of inclement weather.
4. Work has continued on creating departmental policies using a standardized format. Along those lines, all departmental paperwork is being re-created or in some cases created to meet the requirements of law enforcement agencies and the needs of this department in providing service to residents. The standardized

format is professional and allows for all (residents and officers) to know what to expect of this police department. One set of policies has been created however, in reviewing those policies, I desired to present a more-modern and professional policy. That is underway. A good policy manual is always being updated to reflect the changes in law enforcement and in society. That being said, policy work and review will always be a part of police administration.

5. We have experienced a recent increase in the reporting of fraud-related types of crime. This is a nationwide problem as a result of the pandemic and the funds released by the government as a result. Another type of fraud being seen is regarding fraudulent, unemployment compensation claims, also pandemic-related. The matters are being investigated by agencies on all levels. A social media posting will be completed urging residents to report such activity to this department.
6. Several, local businesses have been approached by this officer regarding the reporting of retail theft and/or employee theft. Strikingly, this officer could locate no such reports from businesses in this area for a long period of time. Such reports are of importance to this officer as these reports would result in investigations occurring. Said investigations have been shown, in this officer's experience, to lead to drug investigations and arrests.
7. This officer has announced participation in "National Night Out" scheduled for August 3. This nationwide event provides the community an opportunity to speak with police about their concerns. This officer will be present in each of the three communities for a period of time,
8. This officer has spent some time monitoring traffic on "side streets", specifically at stop signs. As anticipated, this officer observed low traffic volumes during the times observed. This process of monitoring can be made more efficient if persons complaining about a specific intersection could provide a specific time frame or vehicle which is causing concern.
9. As a reminder, we will be getting an invoice for the service agreement with the police reporting system, "Informant". Said invoice will be approximately \$1300 for a year. My recommendation is that we do not renew the service agreement and that we move to another reporting system. I have researched this matter to a degree and have found another system which is more capable for less money over the long term. "Informant" could be capable in a modern sense however modernizing "Informant" will cost significantly more money. The reporting system

being considered is "CNet". CNet is an internet-based reporting system which is linked to the state system for information sharing. CNet is modernly-capable at less cost. CNet in year 1 would cost approximately \$1300 which includes the installation. After the first year, the cost would be based on the number of officers using the system. For example, the year one cost is broken down as \$900 based on the amount of officers and then \$300-\$400 for the installation. The base fee that we would pay, per year, is approximately \$900. This move causes a savings. Further, if we obtain a mobile computer and connect a printer and scanner (which I may be able to obtain at no cost), we could begin electronically filing traffic citations. This would result in fewer trips to Ligonier to drop off citations with the magisterial district judge. Fewer trips result in police remaining in the area for a longer period, less fuel use, and less wear and tear on the vehicles. Because CNet is internet-based, we could complete reports while mobile, without a return to the office.

10. I will begin looking for grants to upgrade our capabilities in the areas of MVRs (dash cameras) and body cameras. Both of which are becoming routine methods of gathering evidence. With police reforms, probably, soon being mandated, I have no doubt that said equipment will be a part of the mandate. I have policy already prepared, if and/or when we obtain the equipment.
11. Regarding the specific "reporting out" of incidents (criminal investigations), at this point in time I will begin providing a number and municipality only. This change is being implemented so as not to, potentially, interfere with on-going investigations.
12. Finally, PA Act 57 of 2020 became fully-functional as of mid-July 2021. Said act is the legislation which came out of a desire for a "bad cop registry". Said act will add steps to the hiring process for future applicants. Essentially, the Township will be required to make "conditional offers of employment" in the future. The condition will be successful navigation of the hiring or transfer process provided by the Municipal Police Officers Education and Training Commission. A copy of the act has been included.

Sincerely,

Jeffrey W. Janciga

St. Clair Township Police Department

(814) 446-4261

Jeffrey W. Janciga, Chief of Police

*****For Clarification of an issue mentioned*****

It has brought to my attention that some are concerned about the wording used on documents provided as the monthly report to the St. Clair Township Supervisors. The members of both Seward Borough and New Florence Borough also have access to these documents.

The word "complaint" seems to be causing an issue as a "complaint" is thought to be an issue brought to the attention of the police department by a resident or other person. The word "complaint", as observed on the listing of reports for a month, is merely a category provided by the reporting system, Informant RMS. When a police officer enters a report into the reporting system, the officer must select a module under which to enter the report. The modules are

1. Complaint: used for general police reports.
2. Incident: used for criminal investigations.
3. Accident: used for accidents.

When I use the software to obtain the data which is being reported out, the system uses the word "complaint". The software is programmed in this fashion.

I have also heard that the police department is reporting much activity that is considered to be standard, police activity in which no report is required, I have instructed officers to enter such reports to provide me with an ability to track their activity and to provide an ability to monitor progress on issues reported to this department. Further, said reports of standard activity may assist this department in obtaining grants for expanded or new services. This would result in the area receiving a more complete police service with some expanded capabilities at no additional cost to the municipalities.

I am hopeful that this explanation addresses any concerns voiced regarding the method of reporting or the activities of this department. It is disappointing to receive such

information from a third-party source. As a department, we have attempted to maintain, nearly, constant communication with those that we are serving. Personally, I have asked community members, repeatedly, for their thoughts on the performance of this department and consistently have not received much in the way of negative feedback or critique. I would hope that the communication of "issues" will improve because, in my view, the opportunity is being provided to communicate.

Sincerely,

A handwritten signature in blue ink, appearing to read "Jeffrey W. Janciga". The signature is fluid and cursive, with the first name "Jeffrey" and last name "Janciga" being more prominent than the middle initial "W".

Jeffrey W. Janciga, Chief of Police

**LAW AND JUSTICE (44 PA.C.S.) - LAW ENFORCEMENT BACKGROUND
INVESTIGATIONS AND EMPLOYMENT INFORMATION**

Act of Jul. 14, 2020, P.L. 613, No. 57 **Cl. 44**

Session of 2020
No. 2020-57

HB 1841

AN ACT

Amending Title 44 (Law and Justice) of the Pennsylvania Consolidated Statutes, providing for law enforcement background investigations, for duties of the Municipal Police Officers' Education and Training Commission, law enforcement agencies and employers and for immunity from liability and violations.

The General Assembly of the Commonwealth of Pennsylvania hereby enacts as follows:

Section 1. Title 44 of the Pennsylvania Consolidated Statutes is amended by adding a chapter to read:

CHAPTER 73

**LAW ENFORCEMENT BACKGROUND INVESTIGATIONS
AND EMPLOYMENT INFORMATION**

Sec.

7301. Scope of chapter.

7302. Definitions.

7303. Background investigation required.

7304. Disclosure of employment information.

7305. Refusal to disclose employment information.

7306. Immunity.

7307. Confidentiality agreements and nondisclosure.

7308. Maintenance of records.

7309. Reporting.

7310. Disclosure of separation.

7311. Hiring report.

7312. Regulations.

§ 7301. Scope of chapter.

This chapter relates to law enforcement background investigations and employment information for law enforcement officers.

§ 7302. Definitions.

The following words and phrases when used in this chapter shall have the meanings given to them in this section unless the context clearly indicates otherwise:

"Applicant." A person applying for employment as a law enforcement officer or for a position leading to employment as a law enforcement officer.

"Commission." The Municipal Police Officers' Education and Training Commission.

"Employment information." Written information in connection with job applications, performance evaluations, attendance records, disciplinary actions and eligibility for rehire.

"Final and binding disciplinary action." Disciplinary action in which a law enforcement officer voluntarily accepts discipline or, in the case of appeal by the disciplined officer, disciplinary action in which the appeal has been exhausted or resolved by settlement agreement, arbitration or other dispute resolution mechanism.

"Law enforcement agency." A law enforcement agency in this Commonwealth that is the employer of a law enforcement officer.

"Law enforcement officer." The term shall have the same meaning as the term "peace officer" under 18 Pa.C.S. § 501 (relating to definitions).

"Prospective employing law enforcement agency." A law enforcement agency in this Commonwealth that is considering employing a law enforcement officer.

"Separation records." Records required to be maintained under section 7308 (relating to maintenance of records).

§ 7303. Background investigation required.

(a) General rule.--A prospective employing law enforcement agency shall conduct a thorough background investigation on an applicant, including a review of the applicant's employment information and separation records, if applicable, in accordance with this chapter, before the applicant may be employed. The background investigation shall determine at a minimum whether the applicant meets the standards established by the commission.

(b) Higher standards not precluded.--The required background investigation does not prevent a law enforcement agency from establishing higher standards for law enforcement employees if those standards are not contrary to applicable law.

§ 7304. Disclosure of employment information.

Upon request of a prospective employing law enforcement agency, a law enforcement agency shall disclose or otherwise make available for inspection employment information of an applicant who is the subject of a background investigation under this chapter. The request for disclosure of employment information must be:

- (1) in writing;
- (2) accompanied by an original authorization and release signed by the applicant; and
- (3) signed by the chief of police or other authorized representative of the prospective employing law enforcement agency conducting the background investigation.

§ 7305. Refusal to disclose employment information.

If a law enforcement agency refuses to disclose employment information to a prospective employing law enforcement agency in accordance with this chapter, the prospective employing law enforcement agency may petition Commonwealth Court to issue an order directing the disclosure of the employment information. The petition must include a copy of the original request for disclosure and the authorization and release signed by the applicant.

§ 7306. Immunity.

(a) General rule.--In the absence of fraud or malice, a law enforcement agency is immune from civil liability for employment information released to a prospective employing law enforcement agency in accordance with this chapter or for any subsequent publication made by the prospective employing law enforcement agency or the applicant of employment information released to a law enforcement agency under this chapter.

(b) Release in violation of chapter.--

(1) A law enforcement agency is not immune from civil liability for employment information released in violation of this chapter.

(2) An applicant adversely affected by the release of employment information in violation of this chapter may seek declarative and injunctive relief and actual and punitive damages attributable to the violation in an appropriate court.

(3) The court shall award reasonable expenses, including attorney fees, court costs and compensation for loss of income, to the applicant adversely affected if an action under paragraph (2) results in:

(i) a final determination by a court in favor of the law enforcement officer adversely affected; or

(ii) rescission of the challenged release of information after suit has been filed under paragraph (2) but prior to a final determination by a court.

§ 7307. Confidentiality agreements and nondisclosure.

(a) When agreement exists.--If employment information is subject to a confidentiality agreement between the applicant and a law enforcement agency, the applicant shall disclose to the prospective employing law enforcement agency the fact that a confidentiality agreement exists.

(b) When agreement is absent and applicant authorizes release.--If the applicant has authorized the release of employment information without regard to a previous agreement to the contrary, the law enforcement agency may disclose the employment information in accordance with this chapter.

(c) Employment information sealed or subject to court order.--If employment information is sealed or otherwise subject to a nondisclosure order by a court of competent jurisdiction, the law enforcement agency shall disclose to the prospective employing law

enforcement agency the fact that a nondisclosure order exists, along with information identifying the court and case number. § 7308. Maintenance of records.

(a) General rule.--In addition to any other employment information required to be maintained under current law and regulation, a law enforcement agency shall maintain the following separation records:

(1) Records of the reason or reasons for, and circumstances surrounding, a separation of service for a law enforcement officer on a form developed by the commission and made available on its publicly accessible Internet website.

(2) Records of all criminal charges filed against a law enforcement officer.

(3) Records of all civil or ethical complaints made against a law enforcement officer.

(4) Records of the disposition of all charges and complaints, including final and binding disciplinary actions, taken by the law enforcement agency against a law enforcement officer, including imposition of probationary or other conditions related to employment.

(b) Review of separation records.--A law enforcement officer may review a separation record upon the request of the law enforcement officer on a form developed by the commission and made available on the law enforcement agency's publicly accessible Internet website.

(c) Disagreement with record accuracy.--

(1) If a law enforcement officer disagrees with the accuracy of the contents of a separation record, the law enforcement officer may request the correction or removal of the portion of the record believed to be incorrect. The request must be made in writing using a form developed by the commission and available on the commission's publicly accessible Internet website. The law enforcement agency shall provide written reasons for correction or removal of a portion of the record, or of the refusal to do so.

(2) If the law enforcement agency and the law enforcement officer cannot reach an agreement on the contents of the record, the law enforcement officer may submit a written statement explaining the law enforcement officer's position and the basis for the disagreement. The statement shall be kept with and part of the separation records required under this section and provided with the rest of the contents of the separation records as required under section 7310 (relating to disclosure of separation).

§ 7309. Reporting.

(a) Electronic database.--

(1) The commission shall establish and maintain an electronic database containing the separation records.

(2) The database shall be accessible to all law enforcement agencies in this Commonwealth.

(3) Except as provided under section 7311(c) (relating to hiring report), separation records maintained in the database shall be exempt from disclosure under the act of February 14, 2008 (P.L.6, No.3), known as the Right-to-Know Law.

(b) Procedure.--The commission shall establish a procedure by which a law enforcement agency may request and review separation records in the database for the purpose of employing an applicant.

(c) Request log.--The commission shall log all requests from law enforcement agencies for separation records and may not disclose the name of any law enforcement officer subject to a request for separation records to the public. The information provided to a law enforcement agency, including a law enforcement agency outside of this Commonwealth, shall be exempt from disclosure under the Right-to-Know Law.

(d) Time period to submit.--Upon the separation of an officer from a law enforcement agency, the law enforcement agency shall submit the separation records to the commission within 15 days of separation.

(e) Good faith immunity.--

(1) A former employing law enforcement agency that submits a separation record to the database in good faith is immune from civil liability for the subsequent disclosure of that record from the database.

(2) A law enforcement agency is presumed to be acting in good faith at the time of a disclosure under this chapter unless a preponderance of the evidence establishes one or more of the following:

- (i) the law enforcement agency knew that the separation record was false or misleading;
 - (ii) the law enforcement agency submitted the separation record with a reckless disregard for the truth;
- or

(iii) submission of the separation record was specifically prohibited by a Federal or State law.

§ 7310. Disclosure of separation.

(a) Waiver required.--

(1) An applicant shall provide to the prospective employing law enforcement agency, upon an offer of employment, a signed waiver under this section.

(2) The waiver shall expressly allow the prospective employing law enforcement agency to contact the commission to seek a copy of any separation record.

(3) The waiver shall consist of a form developed by the commission and made available on the commission's publicly accessible Internet website.

(4) The prospective employing law enforcement agency shall provide the signed waiver to the commission.

(5) Upon receipt of the signed waiver, the commission shall, within seven days, provide a copy of any separation record relating to the applicant to the prospective employing law enforcement agency or certify that no separation record is in the database.

(b) Record of separation condition of hiring.--A prospective employing law enforcement agency may not hire an applicant until the prospective employing law enforcement agency receives a copy of the separation record or certification of no separation record from the commission.

§ 7311. Hiring report.

(a) Information required to be reported.--If a prospective employing law enforcement agency hires an applicant whose separation records includes any of the following, the law enforcement agency shall file a report with the commission that indicates the prospective employing law enforcement agency's reasoning and rationale for hiring the applicant:

(1) Final and binding disciplinary action based on any of the following:

- (i) excessive force;
- (ii) harassment;
- (iii) theft;
- (iv) discrimination;
- (v) sexual abuse;
- (vi) sexual misconduct;
- (vii) domestic violence;
- (viii) coercion of a false confession;
- (ix) filing a false report; or
- (x) a judicial finding of dishonesty.

(2) A criminal conviction relating to conduct described in paragraph (1).

(b) Electronic database of commission.--

(1) The hiring report shall be included in the commission's electronic database.

(2) The hiring report shall be on a form developed by the commission and made available on the commission's publicly accessible Internet website.

(c) Subject to disclosure.--The hiring report shall be subject to disclosure under the act of February 14, 2008 (P.L.6, No.3), known as the Right-to-Know Law.

§ 7312. Regulations.

(a) Temporary regulations.--In order to facilitate the prompt implementation of this chapter, the commission shall promulgate temporary regulations within six months of the effective date of this section that shall expire no later than two years following the publication of the temporary regulations. The commission shall promulgate temporary regulations not subject to:

(1) Section 612 of the act of April 9, 1929 (P.L.177, No.175), known as The Administrative Code of 1929.

(2) Sections 201, 202, 203, 204 and 205 of the act of July 31, 1968 (P.L. 769, No. 240), referred to as the Commonwealth Documents Law.

(3) Sections 204(b) and 301(10) of the act of October 15, 1980 (P.L. 950, No. 164), known as the Commonwealth Attorneys Act.

(4) The act of June 25, 1982 (P.L. 633, No. 181), known as the Regulatory Review Act.

(b) Publication.--The commission shall transmit the temporary regulations to the Legislative Reference Bureau for publication in the Pennsylvania Bulletin no later than six months after the effective date of this section.

(c) Contents.--The commission shall, by regulation, including temporary regulation, establish the following:

(1) Procedures to guarantee the confidentiality of employment information and separation records.

(2) Procedures to guarantee the security of the database established under this chapter.

(3) Reportable disciplinary actions and criminal conduct falling within the scope of section 7311 (relating to hiring report).

(4) Any other procedure deemed necessary by the commission for implementation of this chapter.

Section 2. This act shall take effect as follows:

(1) Except as provided in paragraph (2), the addition of 44 Pa.C.S. Ch. 73 shall take effect in one year.

(2) The addition of 44 Pa.C.S. § 7312 shall take effect in 60 days.

(3) This section shall take effect immediately.

APPROVED--The 14th day of July, A.D. 2020.

TOM WOLF
