

## **St. Clair Township Police Department**

**550 Seward St. Seward PA 15954**

**(814) 446-4261**

**Jeffrey W. Janciga, Chief of Police**

### **Police Department Report for December 2022**

1. For the month of December, this department handled 2 “reportable” vehicle crashes. Both crashes involved utility poles being struck. Both crashes occurred on SR 711 between the Roadway Plaza and Love Ave. This section of roadway has had numerous crashes involving utility poles since March of 2021. The speed limit in this area is 55 MPH. When conditions are poor, slow down. It is a violation of the PA vehicle code to travel at a speed greater than what provides for safe travel (75 Pa.C.S. 3361).
2. I have certified in “traffic incident management”. This certification will provide for increased safety and awareness for first responders and for the motoring public. Expect to see changes at accident scenes in the near future.
3. Criminal investigative work has continued. On-going investigations include a recovered stolen vehicle, 2 sexual assaults, a high-value theft, and a fraud incident.
4. Patrick Goggin has began some shifts with the department. I will use Goggin as a criminal investigator. Goggin has much investigative experience and does not require much oversight to complete investigations to which he is assigned. Investigations have created a “bottle neck” at the department, resulting in fewer proactive activities from the department. This assignment should alleviate the issue and allow for more proactive police work. Goggin will not work a regular schedule and will work by my assignment only. Further, Goggin will be able to assist with mentoring other officers in this department in the area of investigations.
5. The dash camera in the unmarked Explorer is now functional. I have the ability to record both audio and video from the vehicle. The “heads up display” is not working. This does not affect the functionality of the system. We are still awaiting word from the district attorney’s office regarding funding for dash camera systems for the other units.

6. The District Attorney's Office began using an application known as "CRIMEWATCH". This is an application for use on any smartphone. This application provides the public with direct access to crime and public safety information. You can sign up for CRIMEWATCH notifications at [westmorelandda.org](http://westmorelandda.org). A letter and brochure are included with this report.
7. The department will begin the certification process for National Incident Based Reporting (NIBRS). Currently, the department (and most departments) use Uniform Crime Reporting. The national trend in law enforcement is towards NIBRS reporting. This trend is evidenced by the new grant application requirements and awards.
8. Did you know: Per 75 Pa.C.S., 4302 (a)(3), at any time that a vehicle's windshield wipers are in use (continuous or intermittent), a vehicle's headlamps must be illuminated. In periods of reduced visibility (for example: rain), make sure that your headlamps are illuminated. Be more visible. Avoid the accident.

Respectfully Submitted,

A handwritten signature in blue ink, appearing to read "Jeffrey W. Janciga". The signature is fluid and cursive, with the first name being the most prominent.

Jeffrey W. Janciga

Chief of Police/SCTPD

## December 2022 Fuel and Mileage Log

**FOR IMMEDIATE RELEASE**

December 13, 2022

**NEWS RELEASE**

*PIO: Melanie Jones / 724-216-2120 / mjones@co.westmoreland.pa.us*

---

Greensburg, PA – Westmoreland County District Attorney Nicole W. Zicarelli is thrilled to announce the launch of our CRIMEWATCH™ platform. CRIMEWATCH™ is a mobile app and web-based network providing residents with police incidents and investigations, arrests, criminal cases, warrants and community outreach.

Through CRIMEWATCH™, we will be able to provide transparency on police investigations as they happen, and we can disseminate important and imperative information right at the palm of your hand.

The District Attorney's Office will work collaboratively with our own county detectives, local police departments and other public safety agencies to keep communities informed of ongoing, active and resolved incidents within Westmoreland County.

The new Westmoreland County District Attorney's Office [website](#) was developed in partnership with CRIMEWATCH™ Technologies and is part of the CRIMEWATCH™ Network ([crimewatch.net](http://crimewatch.net)). This online tool gives the public direct access to crime and public safety-related information happening in their community.

“This new website is the perfect entry point for establishing better police and public partnerships. Technology gives us the opportunity to communicate with the public and the anonymity of the tech avoids the potential risks of sharing information with the

police. Local police departments throughout the region and other district attorney offices across the Commonwealth are having great success using this technology,” said Ziccarelli.

Westmoreland District Attorney’s Office is the second Westmoreland County based agency to go live on the CRIMEWATCH™ Network; a communications platform developed specifically for law enforcement agencies that allows for geographically targeted information sharing and intelligence gathering.

CRIMEWATCH™ alerts and notifications will also be shared automatically to our office’s social media pages ([Westmoreland County PA District Attorney's Office | Greensburg PA | Facebook](#)). The information-sharing platform will provide resources for victim and witness recovery and services.

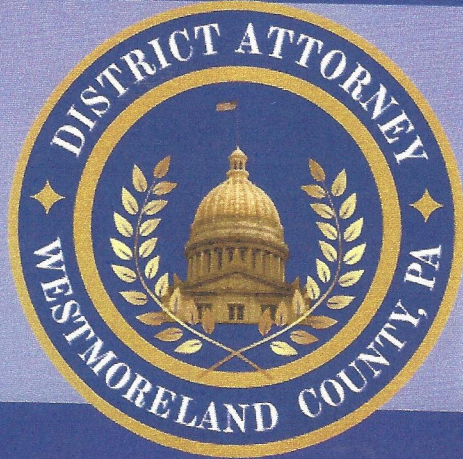

Neighbors and business owners can register surveillance cameras on CRIMEWATCH™ to assist in ongoing police investigations. Access to surveillance cameras can be paramount in solving a case.

The office and its staff will never have access to registered cameras through CRIMEWATCH™, but will merely know where cameras exist when crimes are committed.

Ziccarelli said, “The Westmoreland County Office of the District Attorney is dedicated to achieving justice and protecting the safety of our community. Working in partnership with the community, we can proactively prevent crime, support victim recovery and hold offenders accountable. CRIMEWATCH™ will allow us to openly and transparently communicate with residents of ongoing investigations and help create safer environments for all of our neighbors.”

Residents are strongly encouraged to visit [WestmorelandDA.org](#) to connect with police department social media sites, and/or download CRIMEWATCH™ Mobile from the [Apple App Store](#) or [Android App Store](#).
