Police Department Report for February 2023

1. Regarding the jurisdictional issues mentioned in last month's report, we have worked this matter out to conclusion. In summary, the issue involved the proximity of our municipalities to both Cambria and Indiana Counties. 2 of our investigations had spilled over into neighboring counties. After speaking with both counties, applicable law enforcement agencies, and applicable magisterial district judges, we have made criminal arrests in both cases.
2. The light bar mounted on the Dodge Charger was repaired and returned at no cost to the Township. The light bar is well beyond the scope of any warranty. Thanks again to Team Force.
3. Patrick Goggin has completed the certification process with the State and is now a certified police officer. Goggin has 30+ years experience in law enforcement to include 15 years as a criminal investigator for Cambria County. Goggin will provide much-needed assistance with our criminal investigations. This addition should free up time for other initiatives, projects, and duties.
4. I have been told that the department would be receiving funding for the purchase of 1 dash camera system. When the funding is received, a detailed announcement will be made. The initial plan is to install this system in the marked Police Explorer. The unmarked Explorer does have a functional dash camera system in place. Dash camera systems can provide for collection of evidence and accountability of police officers when performing duties (for example: traffic stops).
5. I have been advised of a complaint regarding the format of monthly reporting, specifically that information was being "cut off". I have changed the format of the reporting so that no information is "cut off".
6. I have been advised of a complaint regarding the "spelling out" of information on the police incident provided. I do not have access to a definition list to provide regarding this matter. Typically, each reporting system has an incident

classification section. When the officer is inputting the report, the officer selects the most applicable choice from a "call for service" list. Each system assigns a coded number to most of the incident classifications. The code means nothing to anyone except maybe the creators of the system. An abbreviated description of the call for service is provided. Some of the common descriptions seen are "PTRAFSAF" (which is traffic monitoring), "ADMIN MISC" (miscellaneous, administrative activity), and "DIRPA" (directed patrol, we won't be using this classification as of March 2). The other classifications seem to be spelled out enough to be self-explanatory.

7. Within the next, several years, each police department in this county will be required to complete a radio upgrade. I attended the Westmoreland County Chief's of Police Meeting on February 21 in Latrobe. The Westmoreland County Chief's of Police Association will be conducting grant research to cover this cost for each department within the county. I have not requested nor received a quote for this upgrade. I would estimate that the upgrade would cost at least \$25,000.00.
8. The department conducted 5 criminal arrests during the month. I believe that 2 of these arrests involved incidents from January 2023 (investigations completed so that charges could be filed). The other 3 occurred in February, were investigated, and charged in February. Several other investigations remain open and on-going.
9. As stated in prior reports, criminal investigations are time-consuming if properly completed. The burden of proof is on the investigating officer. In many cases, it takes us time to establish "probable cause" to make an arrest. Ultimately, we investigate crimes to the point of establishing the case "beyond a reasonable doubt", which is the highest standard in our justice system.
10. For the future: we will be over-hauling our evidence storage process. We will be completing a transition to current federal, crime reporting standards. We will be conducting more traffic details (due to improving weather conditions which provide for more officer safety).

Respectfully Submitted,

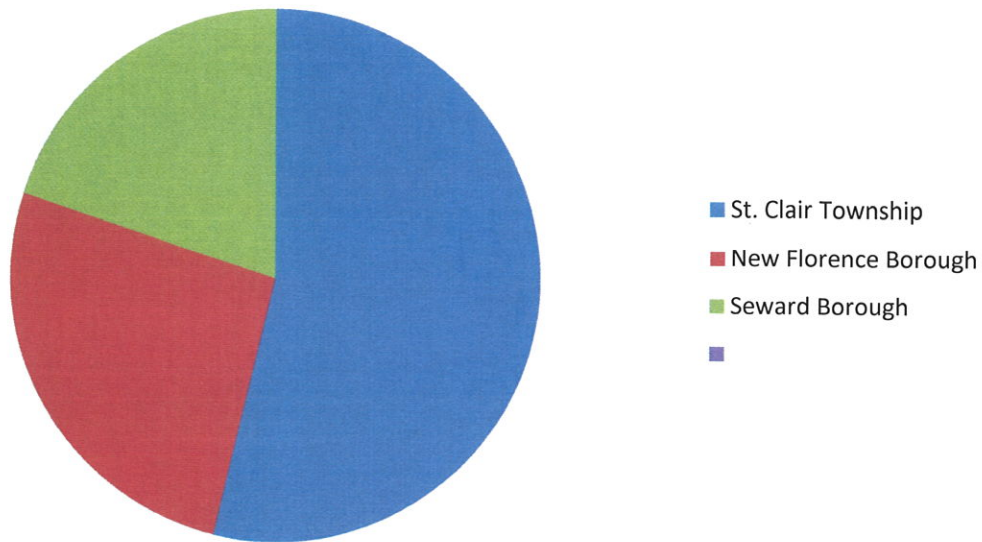

Jeffrey W. Janciga, Chief of Police, SCTPD

February 2023 Police Reports

Total Reports for February 2023: 110

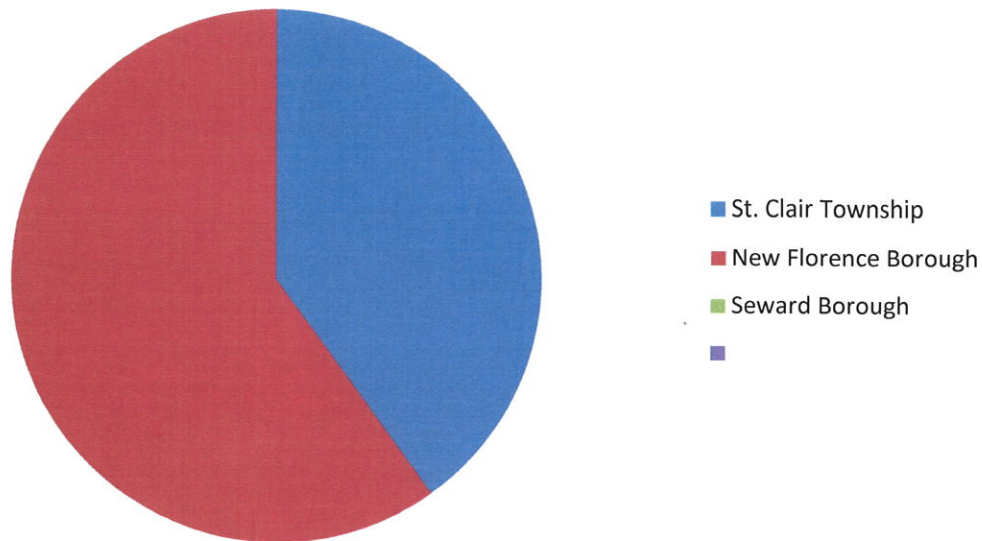

St. Clair Township: 59

New Florence Borough: 29

Seward Borough: 22

As expected, the number of reports for this month were low. This is due to a number of factors to include investigative work (which does not create new reports but adds to existing reports/cases), travel for investigations, and a generally-lower activity level within the communities.

February 2023 Criminal Complaints Filed

Filed Criminal Complaints (the location for this reporting is determined by the origination of the incident).

St. Clair Township: 2

New Florence Borough: 3

Seward Borough: 0

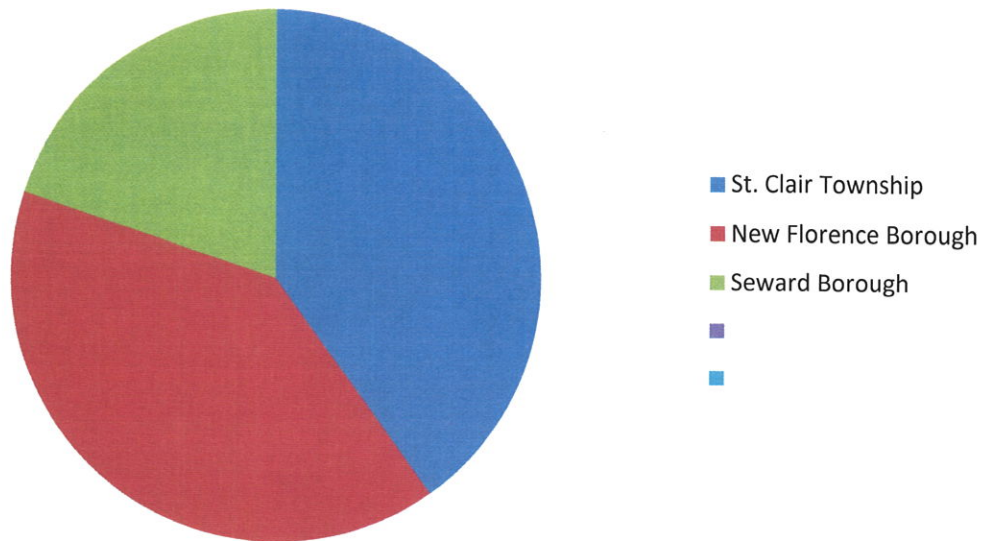

Filed criminal complaints indicate completed criminal investigations with charges filed at the appropriate magisterial district judge.

Incidents involving charges in St. Clair Township were a domestic with threats and a DUI.

Incidents involving charges in New Florence Borough were a flight to avoid apprehension, an escape, and a retail theft.

At least 5 other investigations are open and with continuing investigation. The details of the open investigations will not be discussed to protect the integrity of the investigations.

February 2023 Traffic Stops

February 2023 Traffic Stops (5)

St. Clair Township: 2 (1 suspected DUI, 1 DUI)

New Florence Borough: 2 (1 faulty equipment, 1 stop sign violation)

Seward Borough: 1 (suspicious vehicle)

February 2023 Traffic Citations (5)

St. Clair Township: 3 (1 immediate notice of accident, 1 careless driving, 1 open alcohol container)
