Police Department Report for March 2024

1. This department began an information-sharing effort with the West Hills Regional Police Department. We share a border with this department along SR 56 (Haws Pike). Both departments use the same, records management system (RMS). We are linked through the RMS. This allows each department to see reports (not edit) for each department and determine local trends.
2. Reports are more numerous this past month. Most of the reports are generated by the department in an effort to increase police visibility. The number of reports was high. This number is not to be the standard as the ability to complete these reports/details is directly related to the amount of other tasks which must be completed.
3. We continue to work with our records management system to refine/correct the portion of the RMS dealing with NIBRS reporting. We have pointed out several flaws and incorrect applications. The RMS has fixed some of the errors and is working on fixing others. The importance is that the data that we are required to report goes somewhere (PSP, FBI). These entities have their expectations of the data. The data should be correct, according to FBI standards.
4. In this last month, we have begun using accumulated, local/regional crime data to become "predictive" of future crime and to conduct proactive measures in an effort to thwart such crime. This is specific to vehicle entries, thefts from vehicles, vandalism, and vehicle thefts.

Respectfully Submitted,

A handwritten signature in blue ink, appearing to read "Jeffrey W. Janciga". The signature is fluid and cursive, with the first name being the most prominent.

Jeffrey W. Janciga

Chief of Police

2. New Florence Borough: 7 (5 warnings, 1 citation for expired registration, 1 citation for obedience).
3. Seward Borough: 0

Contacts have been made regarding local traffic enforcement grant availability. As predicted, no such funding (Aggressive Driving, Buckle Up PA) is available due to a low number of "State-Reportable Vehicle Crashes" in our areas. As a reminder, a state-reportable vehicle crash is one that involves towing of any vehicle, injury, or death. Locally, the available project money seems to be going to the Route 30 corridor.
