

St. Clair Township Police Department

550 Seward St. Seward PA 15954

(814) 446-4261

Jeffrey W. Janciga, Chief of Police

Police Department Report for October 2023

1. As a reminder to residents, please keep your vehicles locked when parked anywhere. The department consistently takes reports of thefts from unlocked motor vehicles. Please do not keep valuables inside your vehicles or, at least, within plain sight inside of a vehicle, locked or not.
2. The department also, consistently takes reports of dog law violations. We do have the authority to bring charges under the PA dog law and we have repeatedly. Please keep control of your dog and, when not under your supervision, keep your dog on your property.
3. We continue to receive and investigate criminal incidents. As a result, 4 arrests have been made in the month of October, for incidents reported in October. Please bear in mind that each investigation will take varying degrees of time to complete based upon the amount of evidence, the location of evidence, the necessary steps to collect evidence, and the availability/responsiveness of the court system and other partners.
4. Average speeds within all 3 municipalities seems to be holding fairly steady (and outside of the threshold for allowable enforcement). This is not to say that blatant speeding does not occur. We need assistance, if this is occurring, to narrow down a time frame or area of roadway for efficient enforcement.
5. Work continued on departmental NIBRS certification. A virtual meeting was held with our reporting system provider. The issues pointed out by this officer caused the need to have another virtual meeting scheduled with the PA State Police NIBRS unit (the reporting system was in error) and the reporting system representative.
6. On the topic of NIBRS, I had previously attended a 2 day, virtual training on the NIBRS system. This training covered federal NIBRS reporting requirements. I have located a free class for NIBRS training on the state level. This is also a virtual class and have scheduled to complete this class in mid-November.

7. I have been planning for an overhaul of the department's evidentiary system. This process is complex in order to maintain the integrity of evidence in our possession. This also involves ensuring that our policy or procedure matches our practice. Every policy is under a constant state of review for potential adjustment based upon the most current information from the courts. Policy has not been a "static" thing since I began in law enforcement and there is no sign of it becoming static.
8. The department had its first instance of using dash camera video as evidence in a criminal case/filing. Continue to bear in mind that, when you deal with one of us on an incident, recording is probably occurring (audio and video).
9. As we approach another winter season and upcoming holidays, please watch out for yourselves and one another. Be kind to your neighbors. Understand that many people are under much stress and a kind word may go a long way. Happy Holidays!

Respectfully Submitted,

Jeffrey W. Janciga/Chief of Police

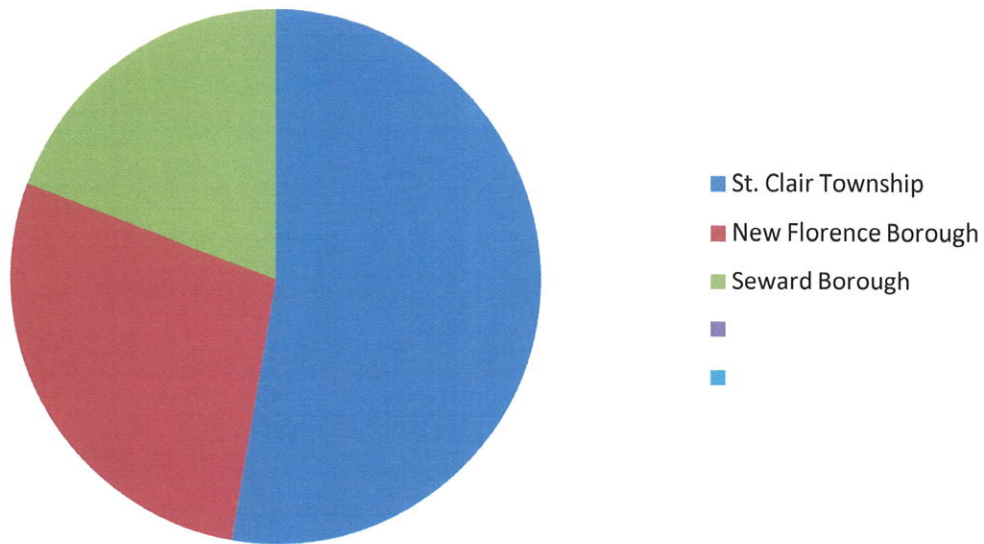

St. Clair Township Police Department
